# TELEMEDICINE AT TEXAS ONCOLOGY

## **VSee DESKTOP/LAPTOP**

Uncheck **"Always ask before opening this type of address"** to be entered into the visit quicker in the future. You will then be placed in the waiting room where your physician will join you.

#### Why would I use telemedicine?

- If I have an acute illness, and can't come in the clinic because I have fever or other symptoms.
- If I think I have COVID-19.
- If I want to see my provider for a routine follow-up visit.
- If I have a problem I need to discuss with my provider.

### How do I make an appointment?

- · Call the clinic and speak with the scheduler.
- A nurse may recommend a telemedicine appointment after speaking with you.
- Be sure to download the VSee clinic app so that you are ready to enter the doctor's waiting room when the clinic makes an appointment for you.

### What if I have questions?

• Call your local Texas Oncology clinic.
